

MSMEC Pole Maps Update – Analysis Overview

Data analysis compiled through: March 18, 2024

Project completion total (entire burn area): **78% Completed**

Analysis Details

Completion rate increased 0.11% from last week due to:

- Slight construction progress in Tierra Monte section

There was also significant inspection progress in San Ignacio; from constructed to inspected, so % complete doesn't change.

Calculations/Queries

Poles left to be fixed = Status (*Staked*) AND Construction Needed (*New, Replaced, Retired*)

Poles fixed = Status (*Assessed Good, Inspected, Constructed, Set*)

% Poles fixed =

Poles Fixed (# poles fixed) ÷ Status (*Assessed Good, Staked, Inspected, Constructed, Set*)

DATA DICTIONARY/DEFINITIONS

STATUS:

In the Fire Zone = Poles were selected based on the Fire boundary

Assessed = Surveyors went out and Assessed if the poles were good or bad

Assessed Good = Stakers assessed the poles and they were good

Staked = The Poles were designed and are waiting to be constructed

Pole Set = Contractors Set the pole but haven't strung the wire

Constructed = The contractor set the pole with all the assemblies and wire on it

Inspected = Nathan or Rick or someone from T&D inspected the contractor's work

CONSTRUCTION NEEDED:

New = New poles & assemblies in a new spot

Replaced = Replace the existing pole and assemblies where existing pole is located

Retired = Remove pole completely (and do NOT replace)

MSMEC - Fire Damage Assessment
San Ignacio (Seq C) - 3/18/2024

Fire Perimeter

Pole Status

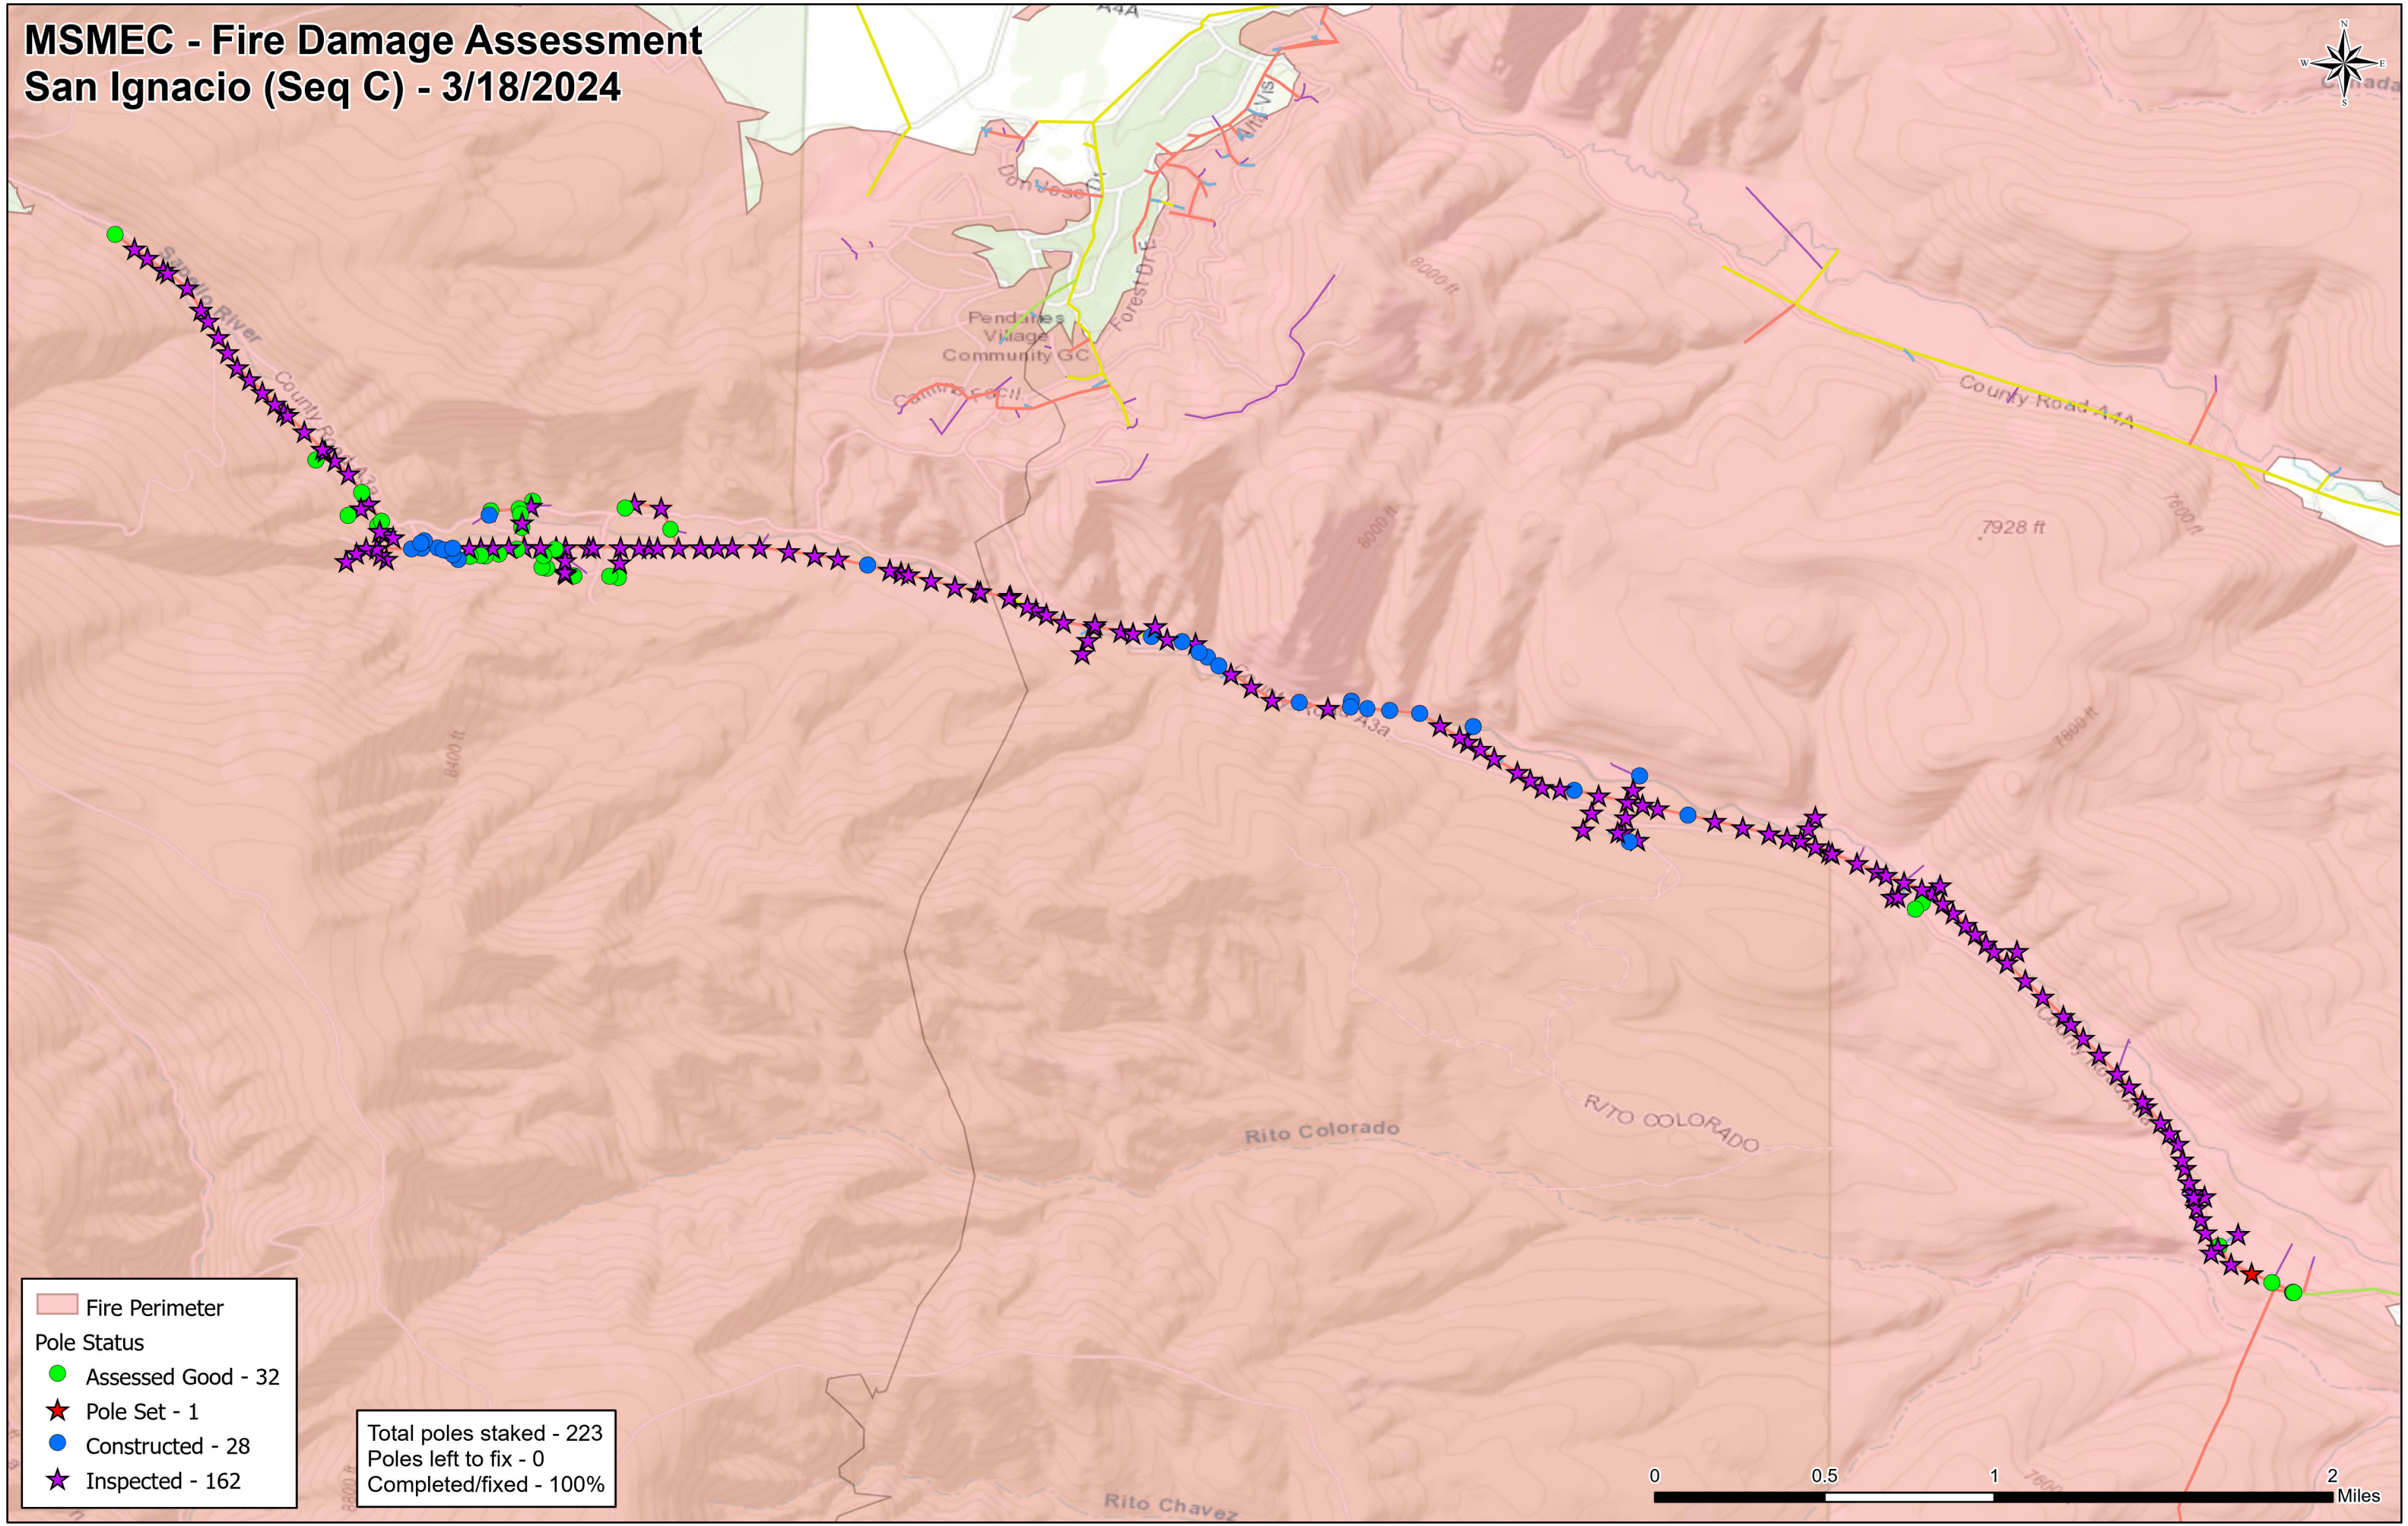

Assessed Good - 32

Pole Set - 1

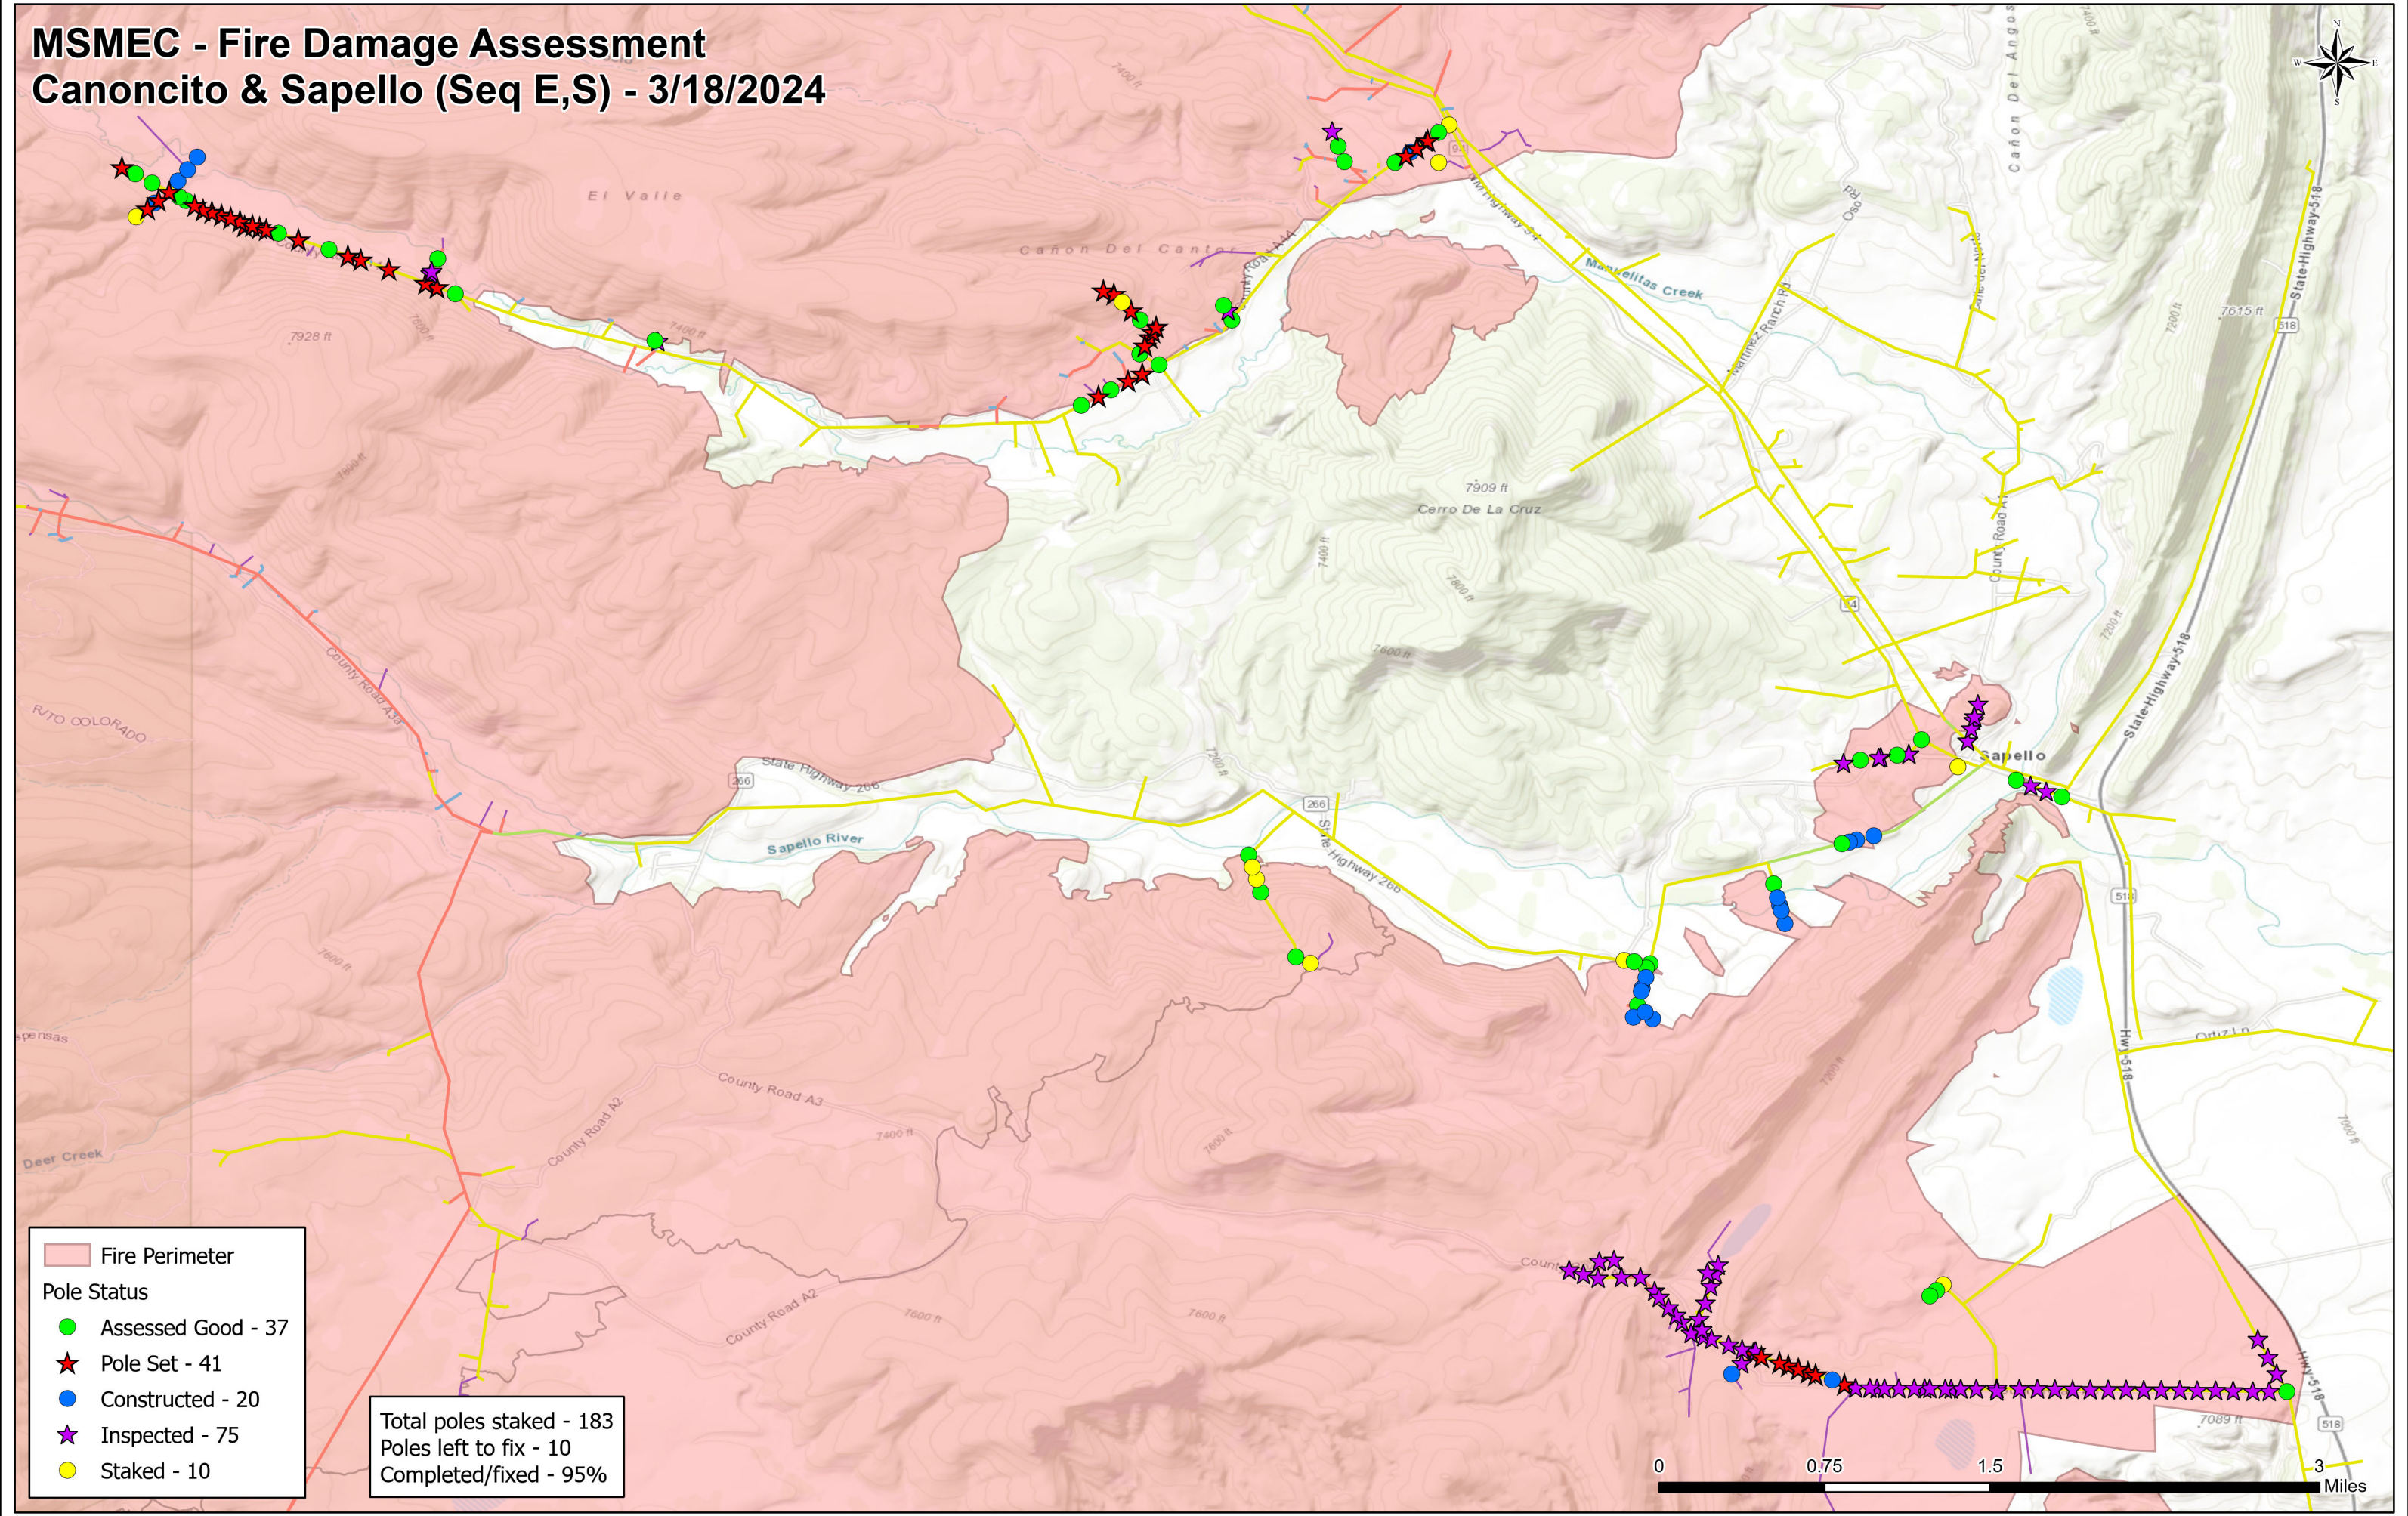

Constructed - 28

Inspected - 162

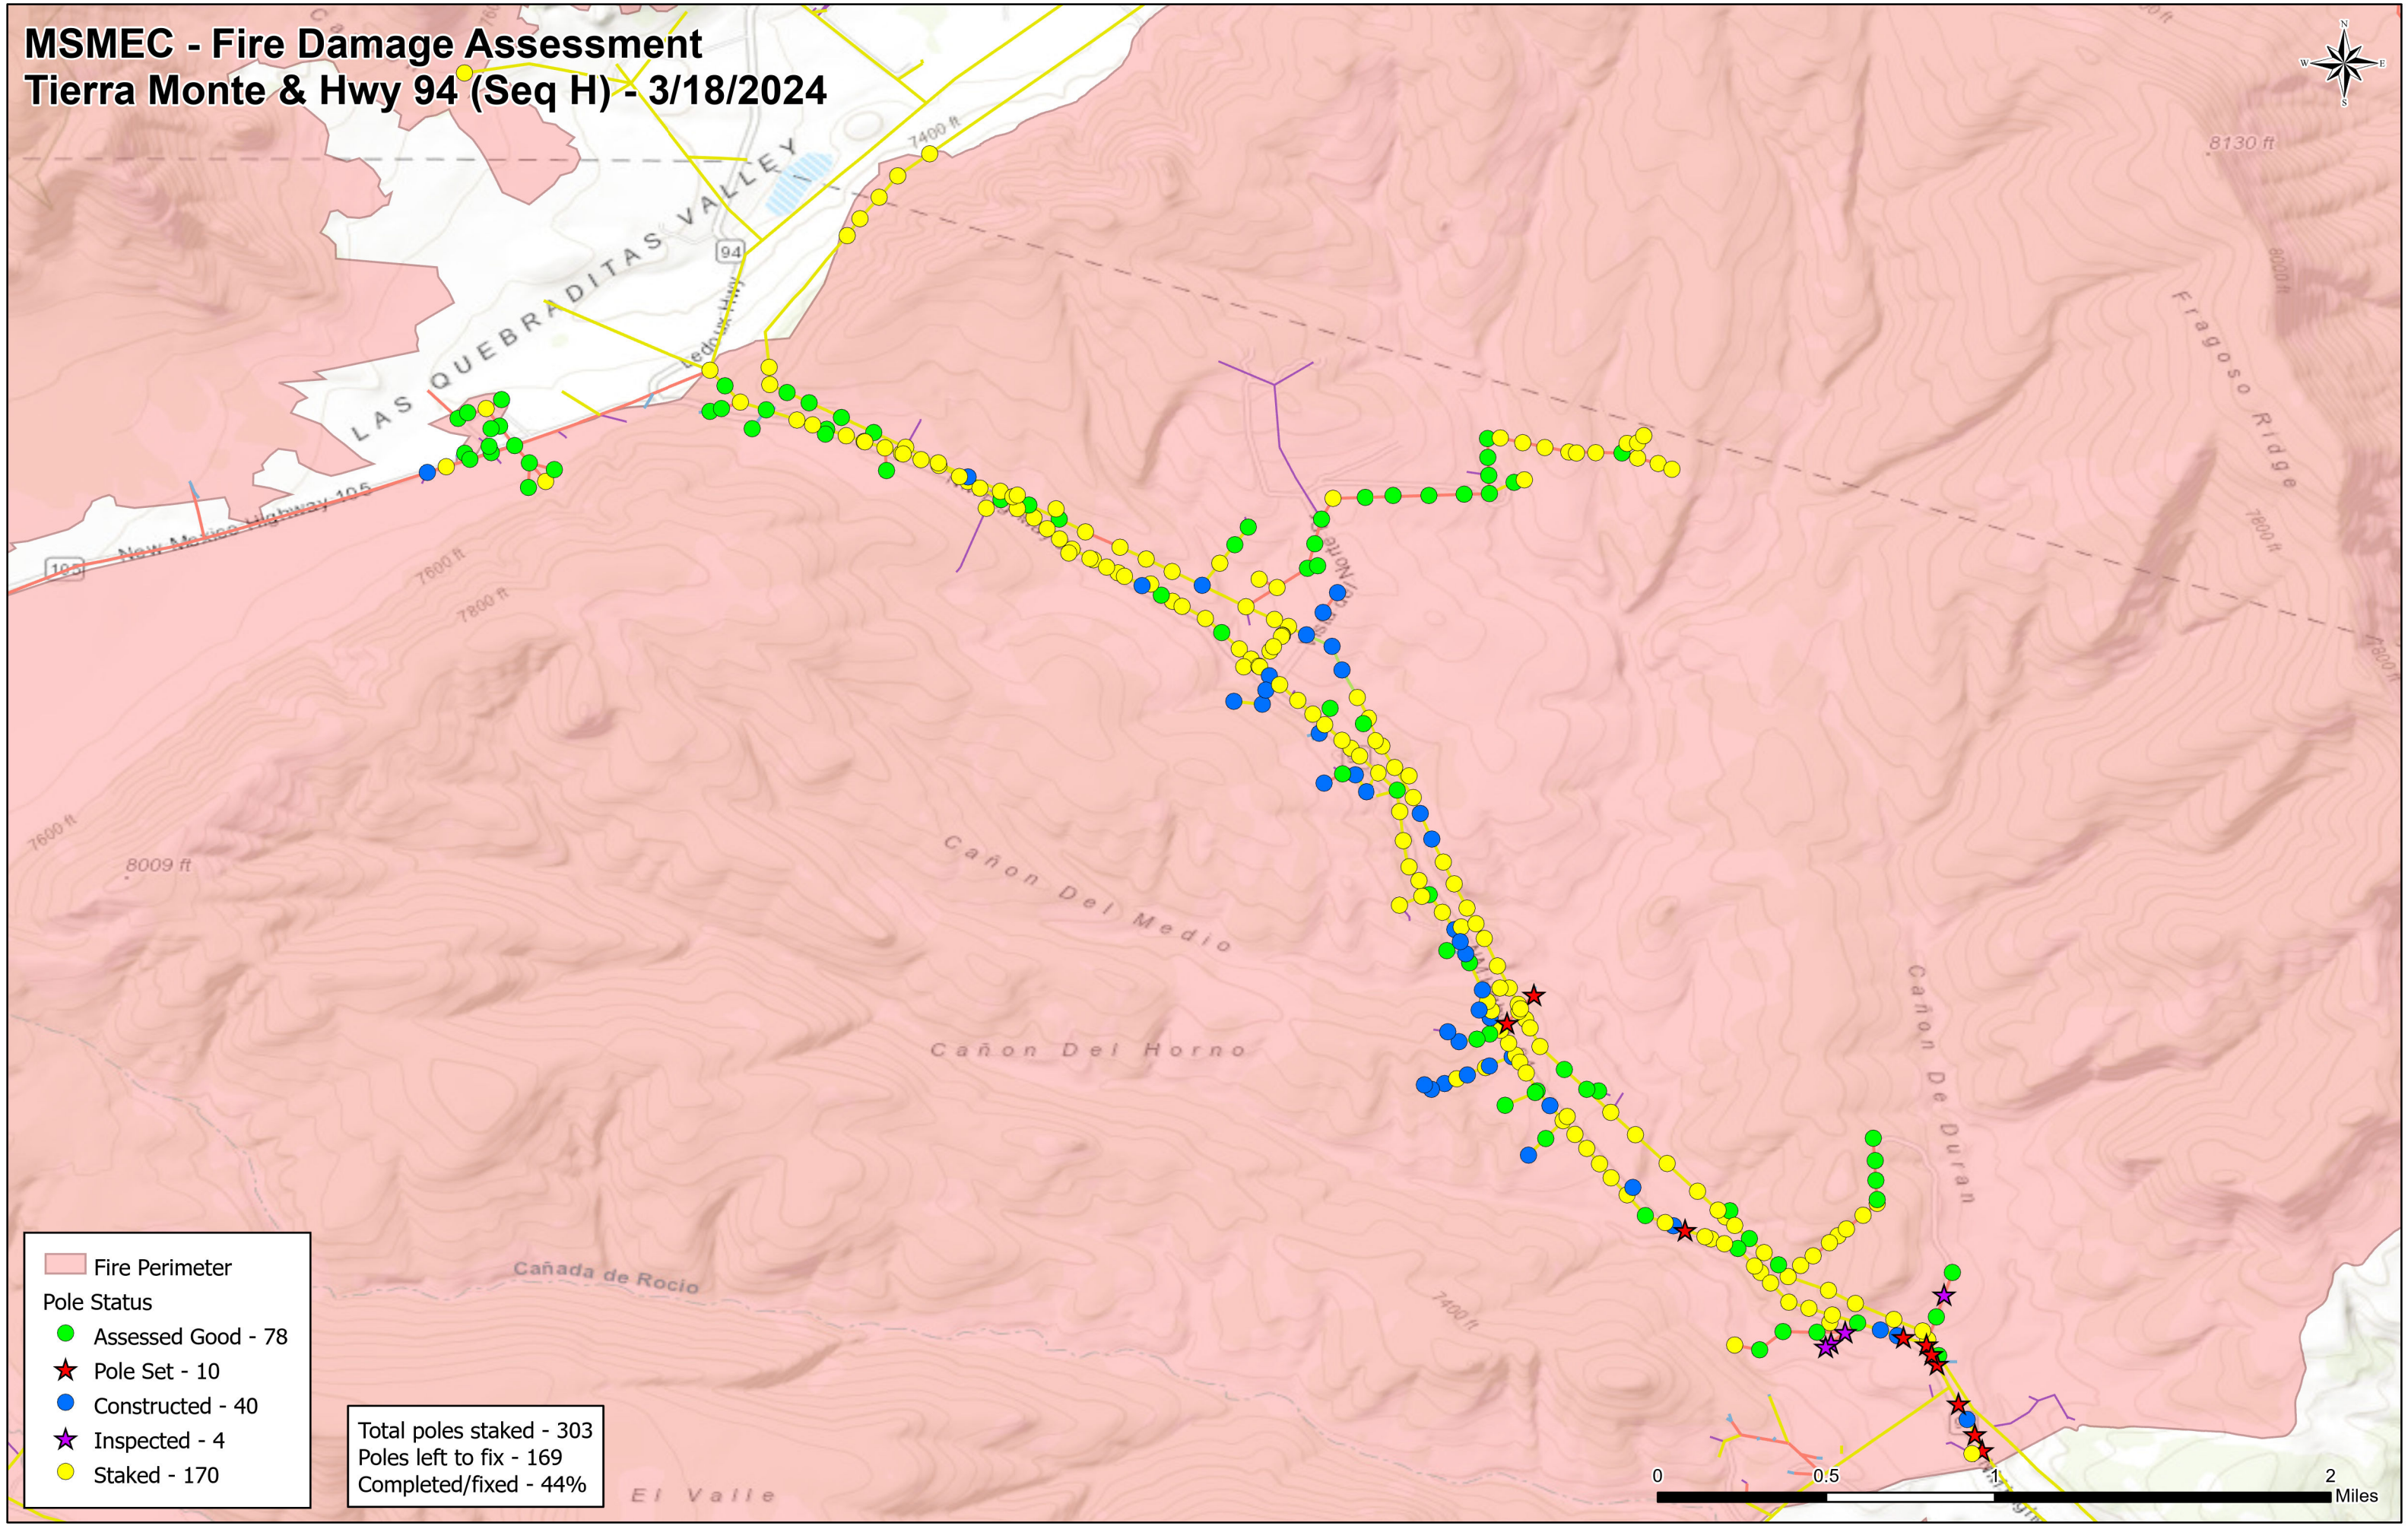

Total poles staked - 223
Poles left to fix - 0
Completed/fixed - 100%

MSMEC - Fire Damage Assessment
Canoncito & Sapello (Seq E,S) - 3/18/2024

MSMEC - Fire Damage Assessment
Tierra Monte & Hwy 94 (Seq H) - 3/18/2024

Fire Perimeter

Pole Status

Assessed Good - 78

Pole Set - 10

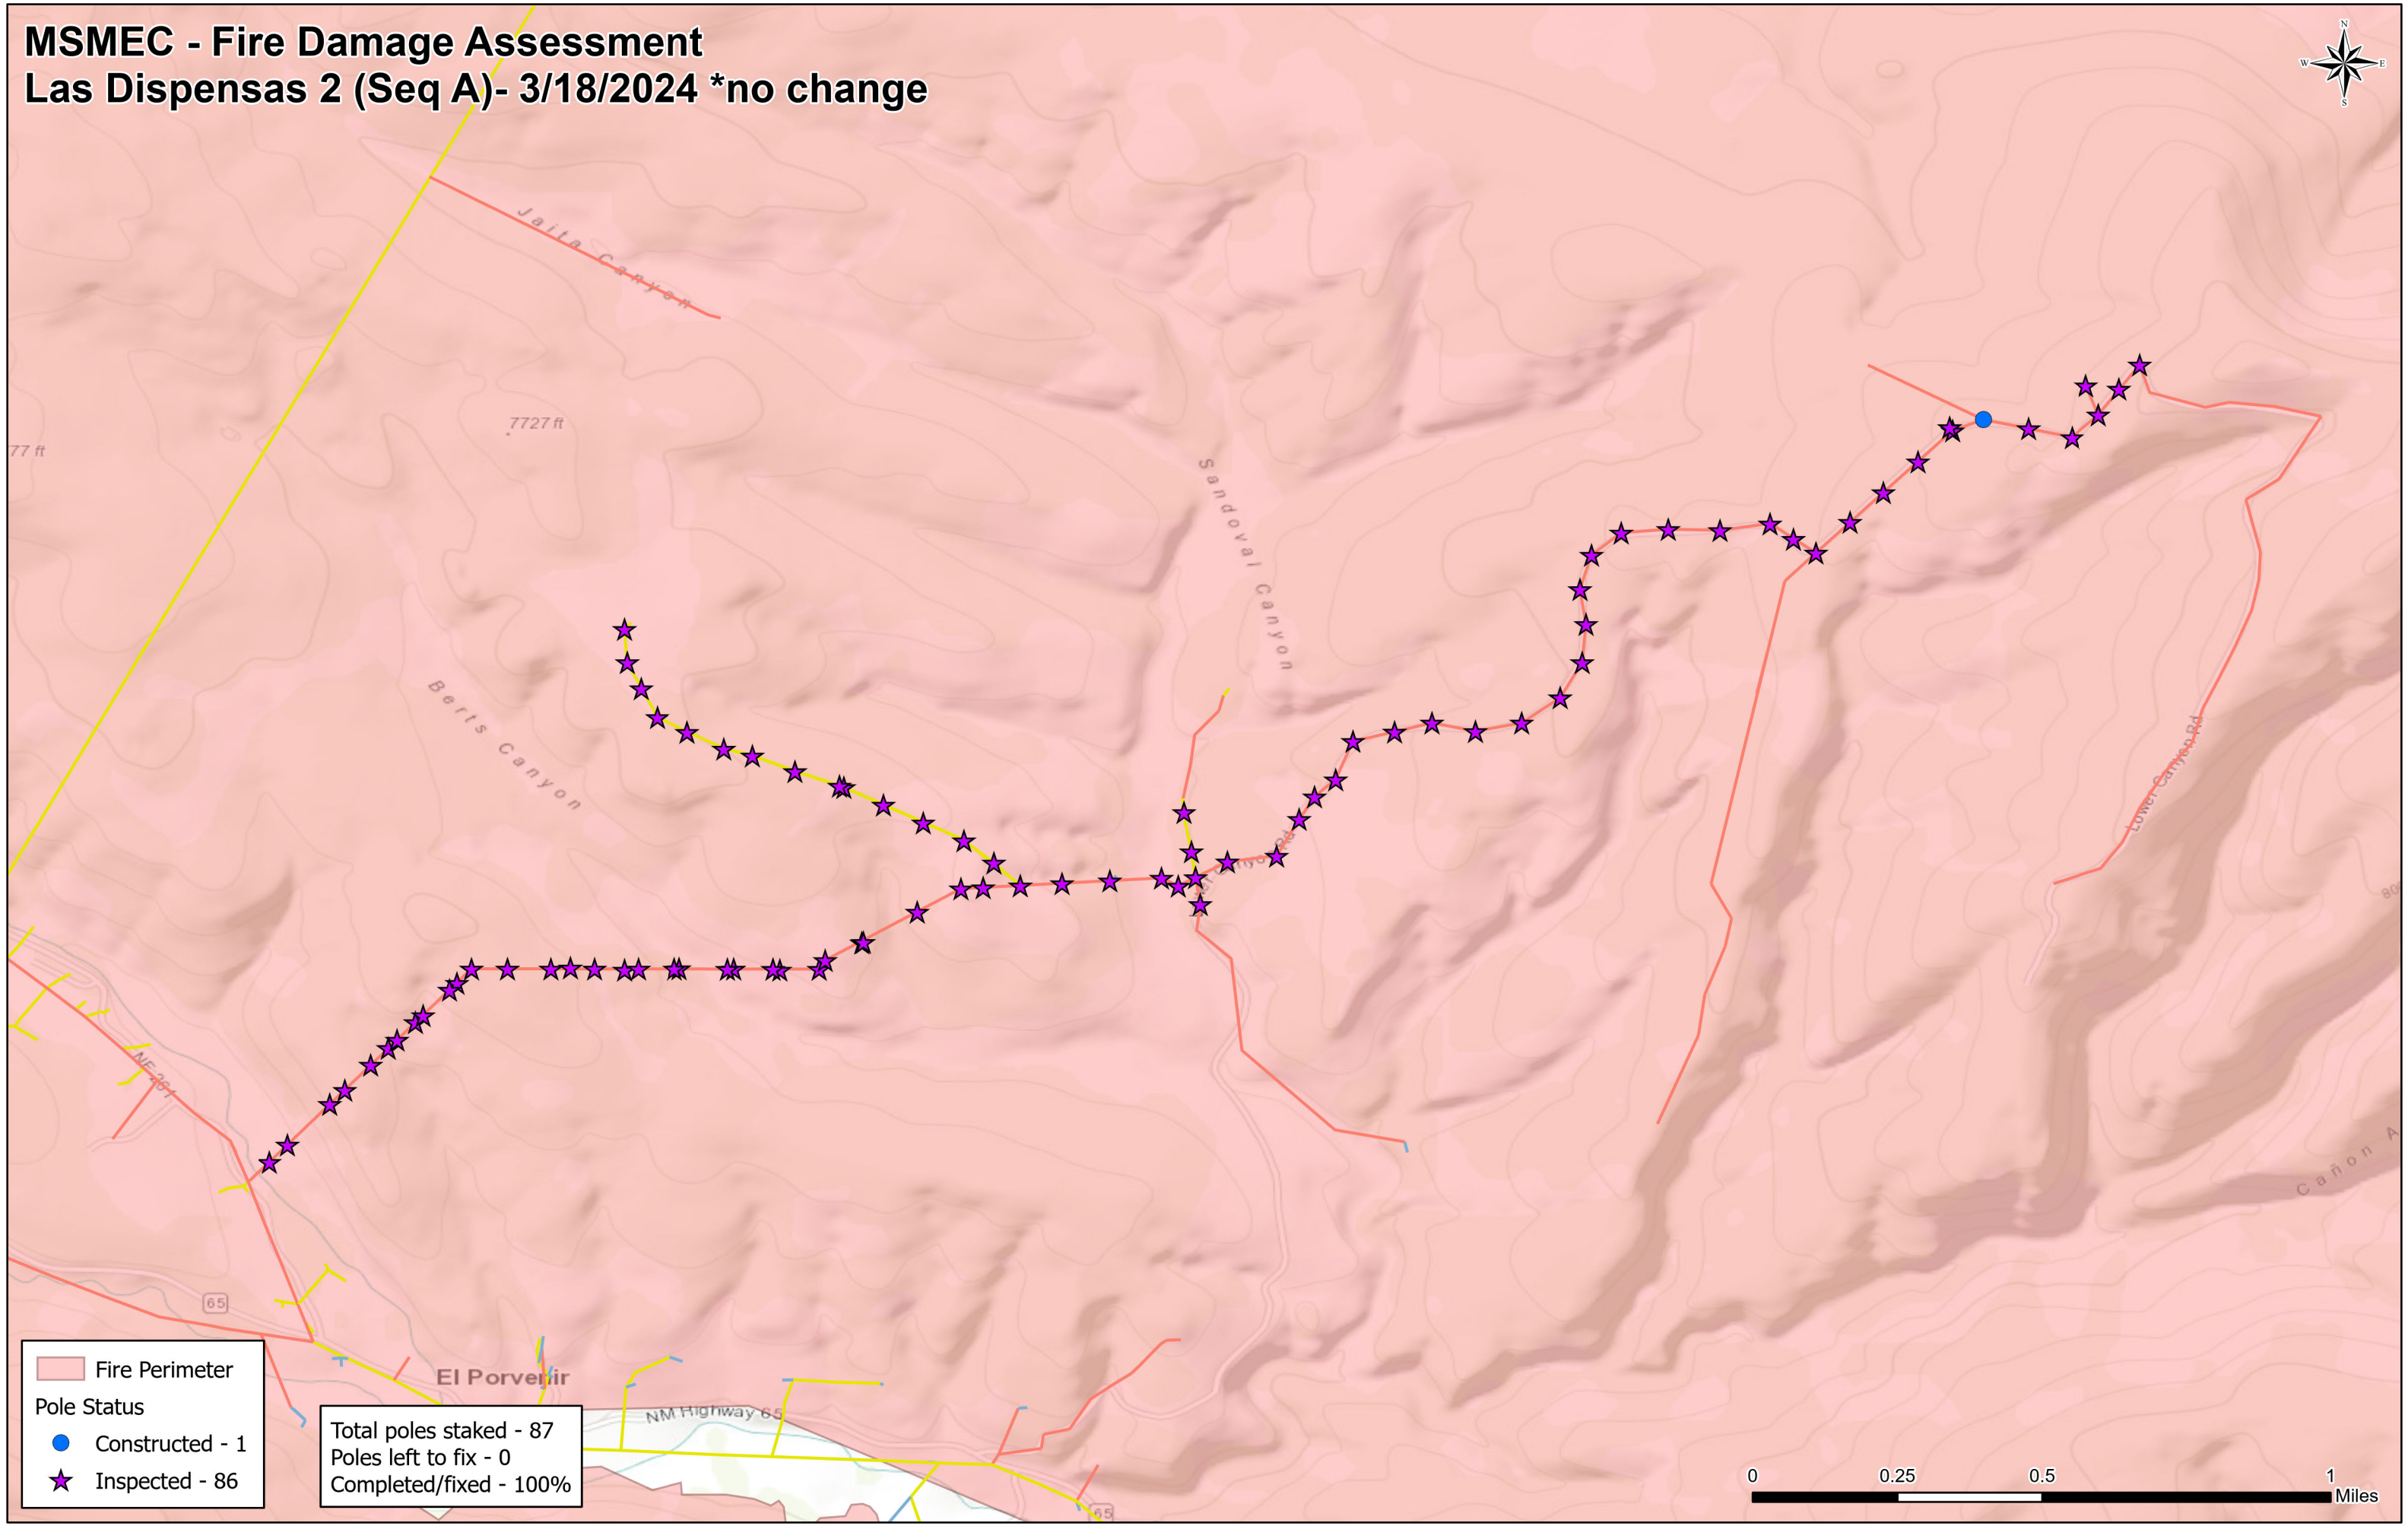

Constructed - 40

Inspected - 4

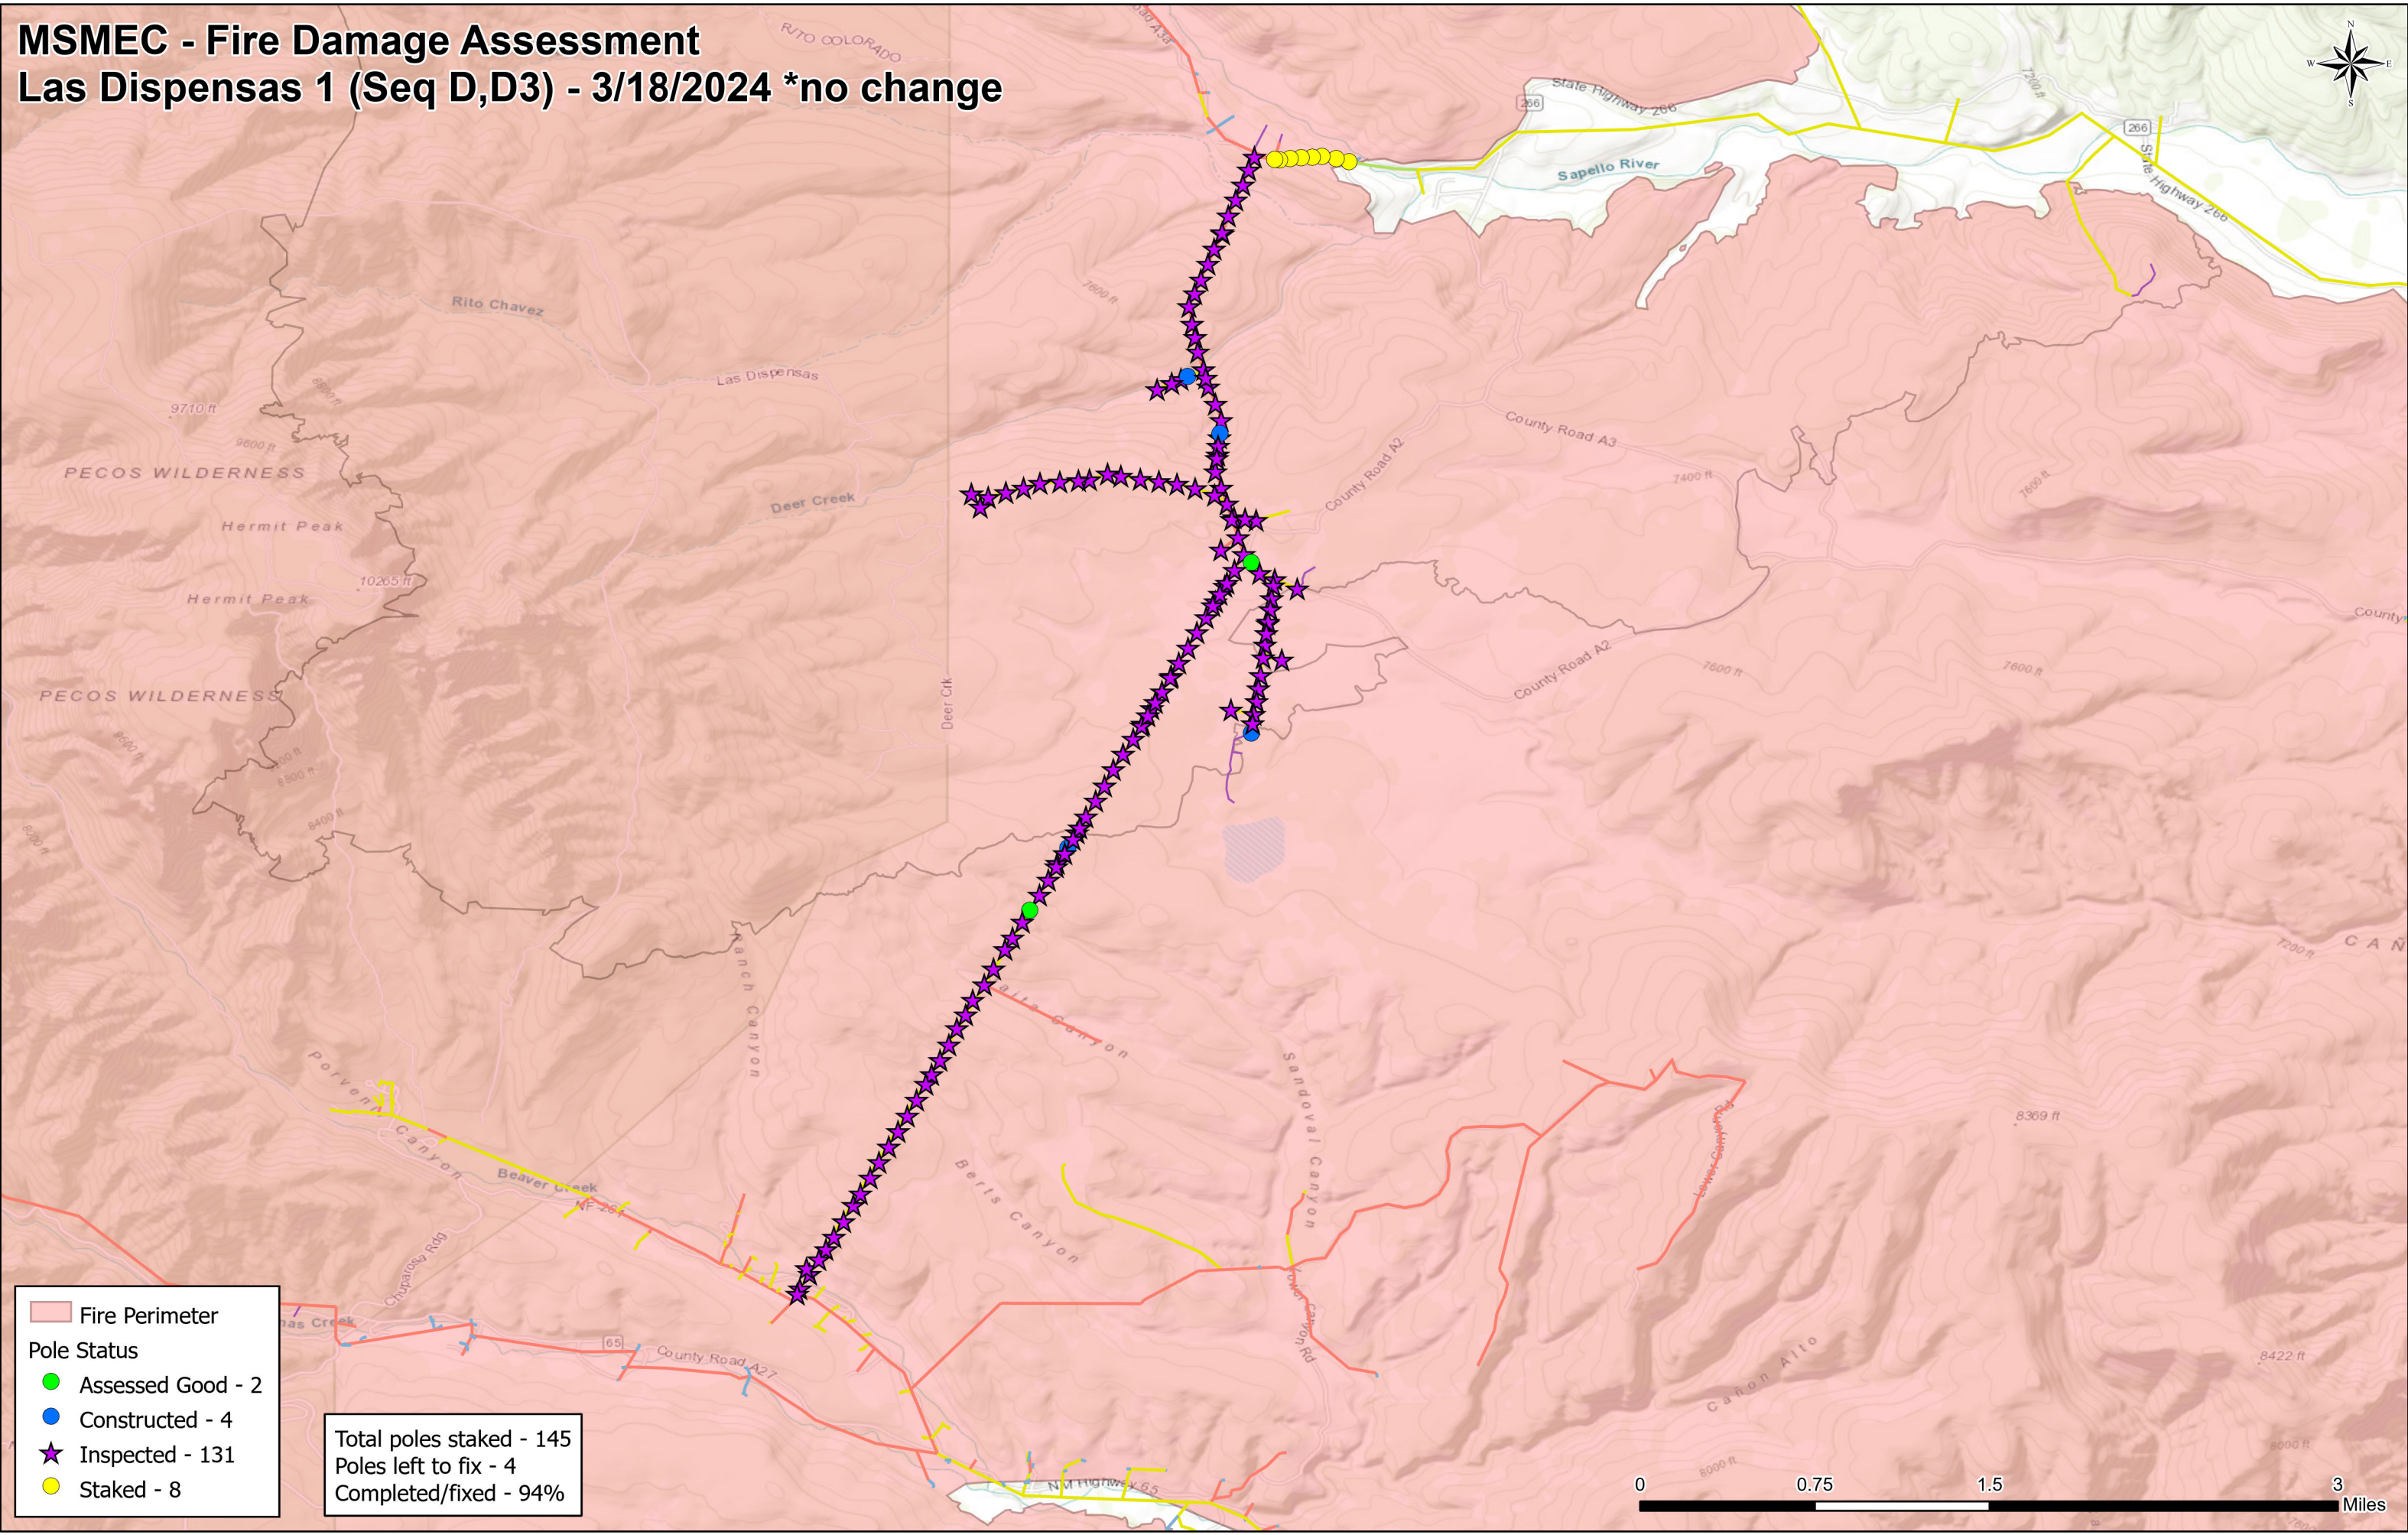

Staked - 170

Total poles staked - 303
Poles left to fix - 169
Completed/fixed - 44%

MSMEC - Fire Damage Assessment
Las Dispensas 2 (Seq A)- 3/18/2024 *no change

MSMEC - Fire Damage Assessment
Las Dispensas 1 (Seq D,D3) - 3/18/2024 *no change

MSMEC - Fire Damage Assessment
Monte Aplanado & Hwy 518 (Seq F) - 3/18/2024 *no change

Fire Perimeter

Pole Status

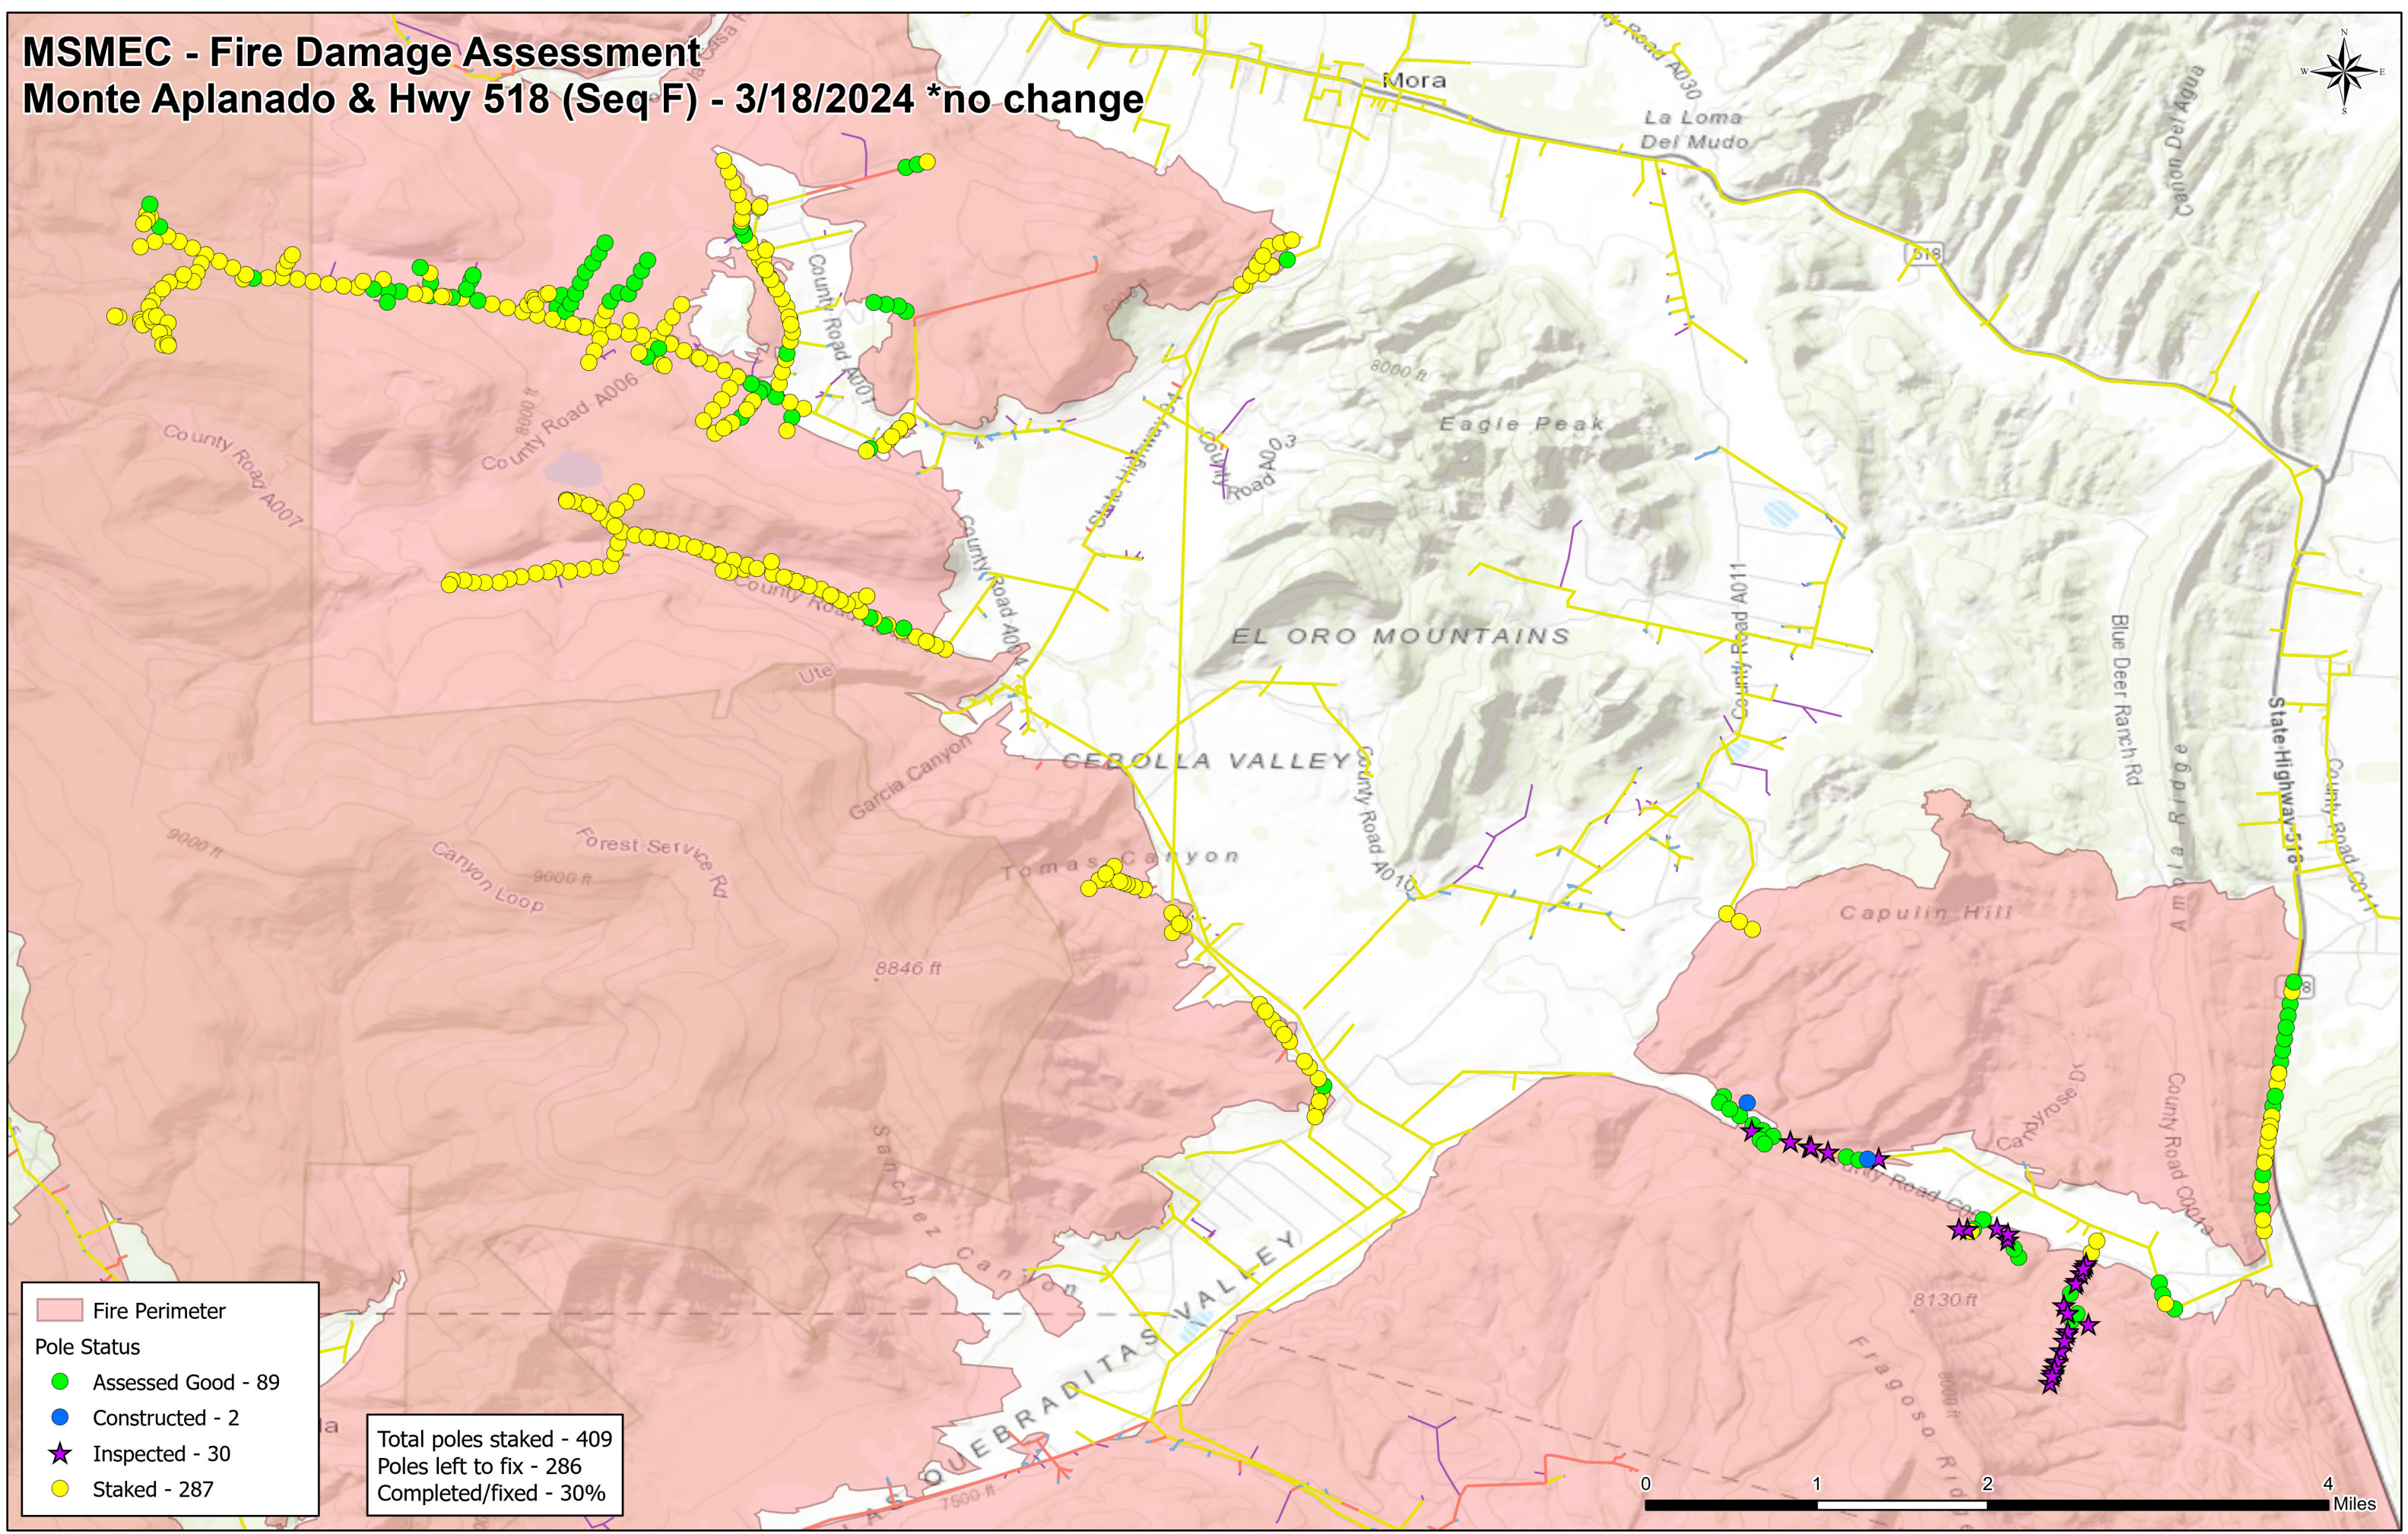

Assessed Good - 89

Constructed - 2

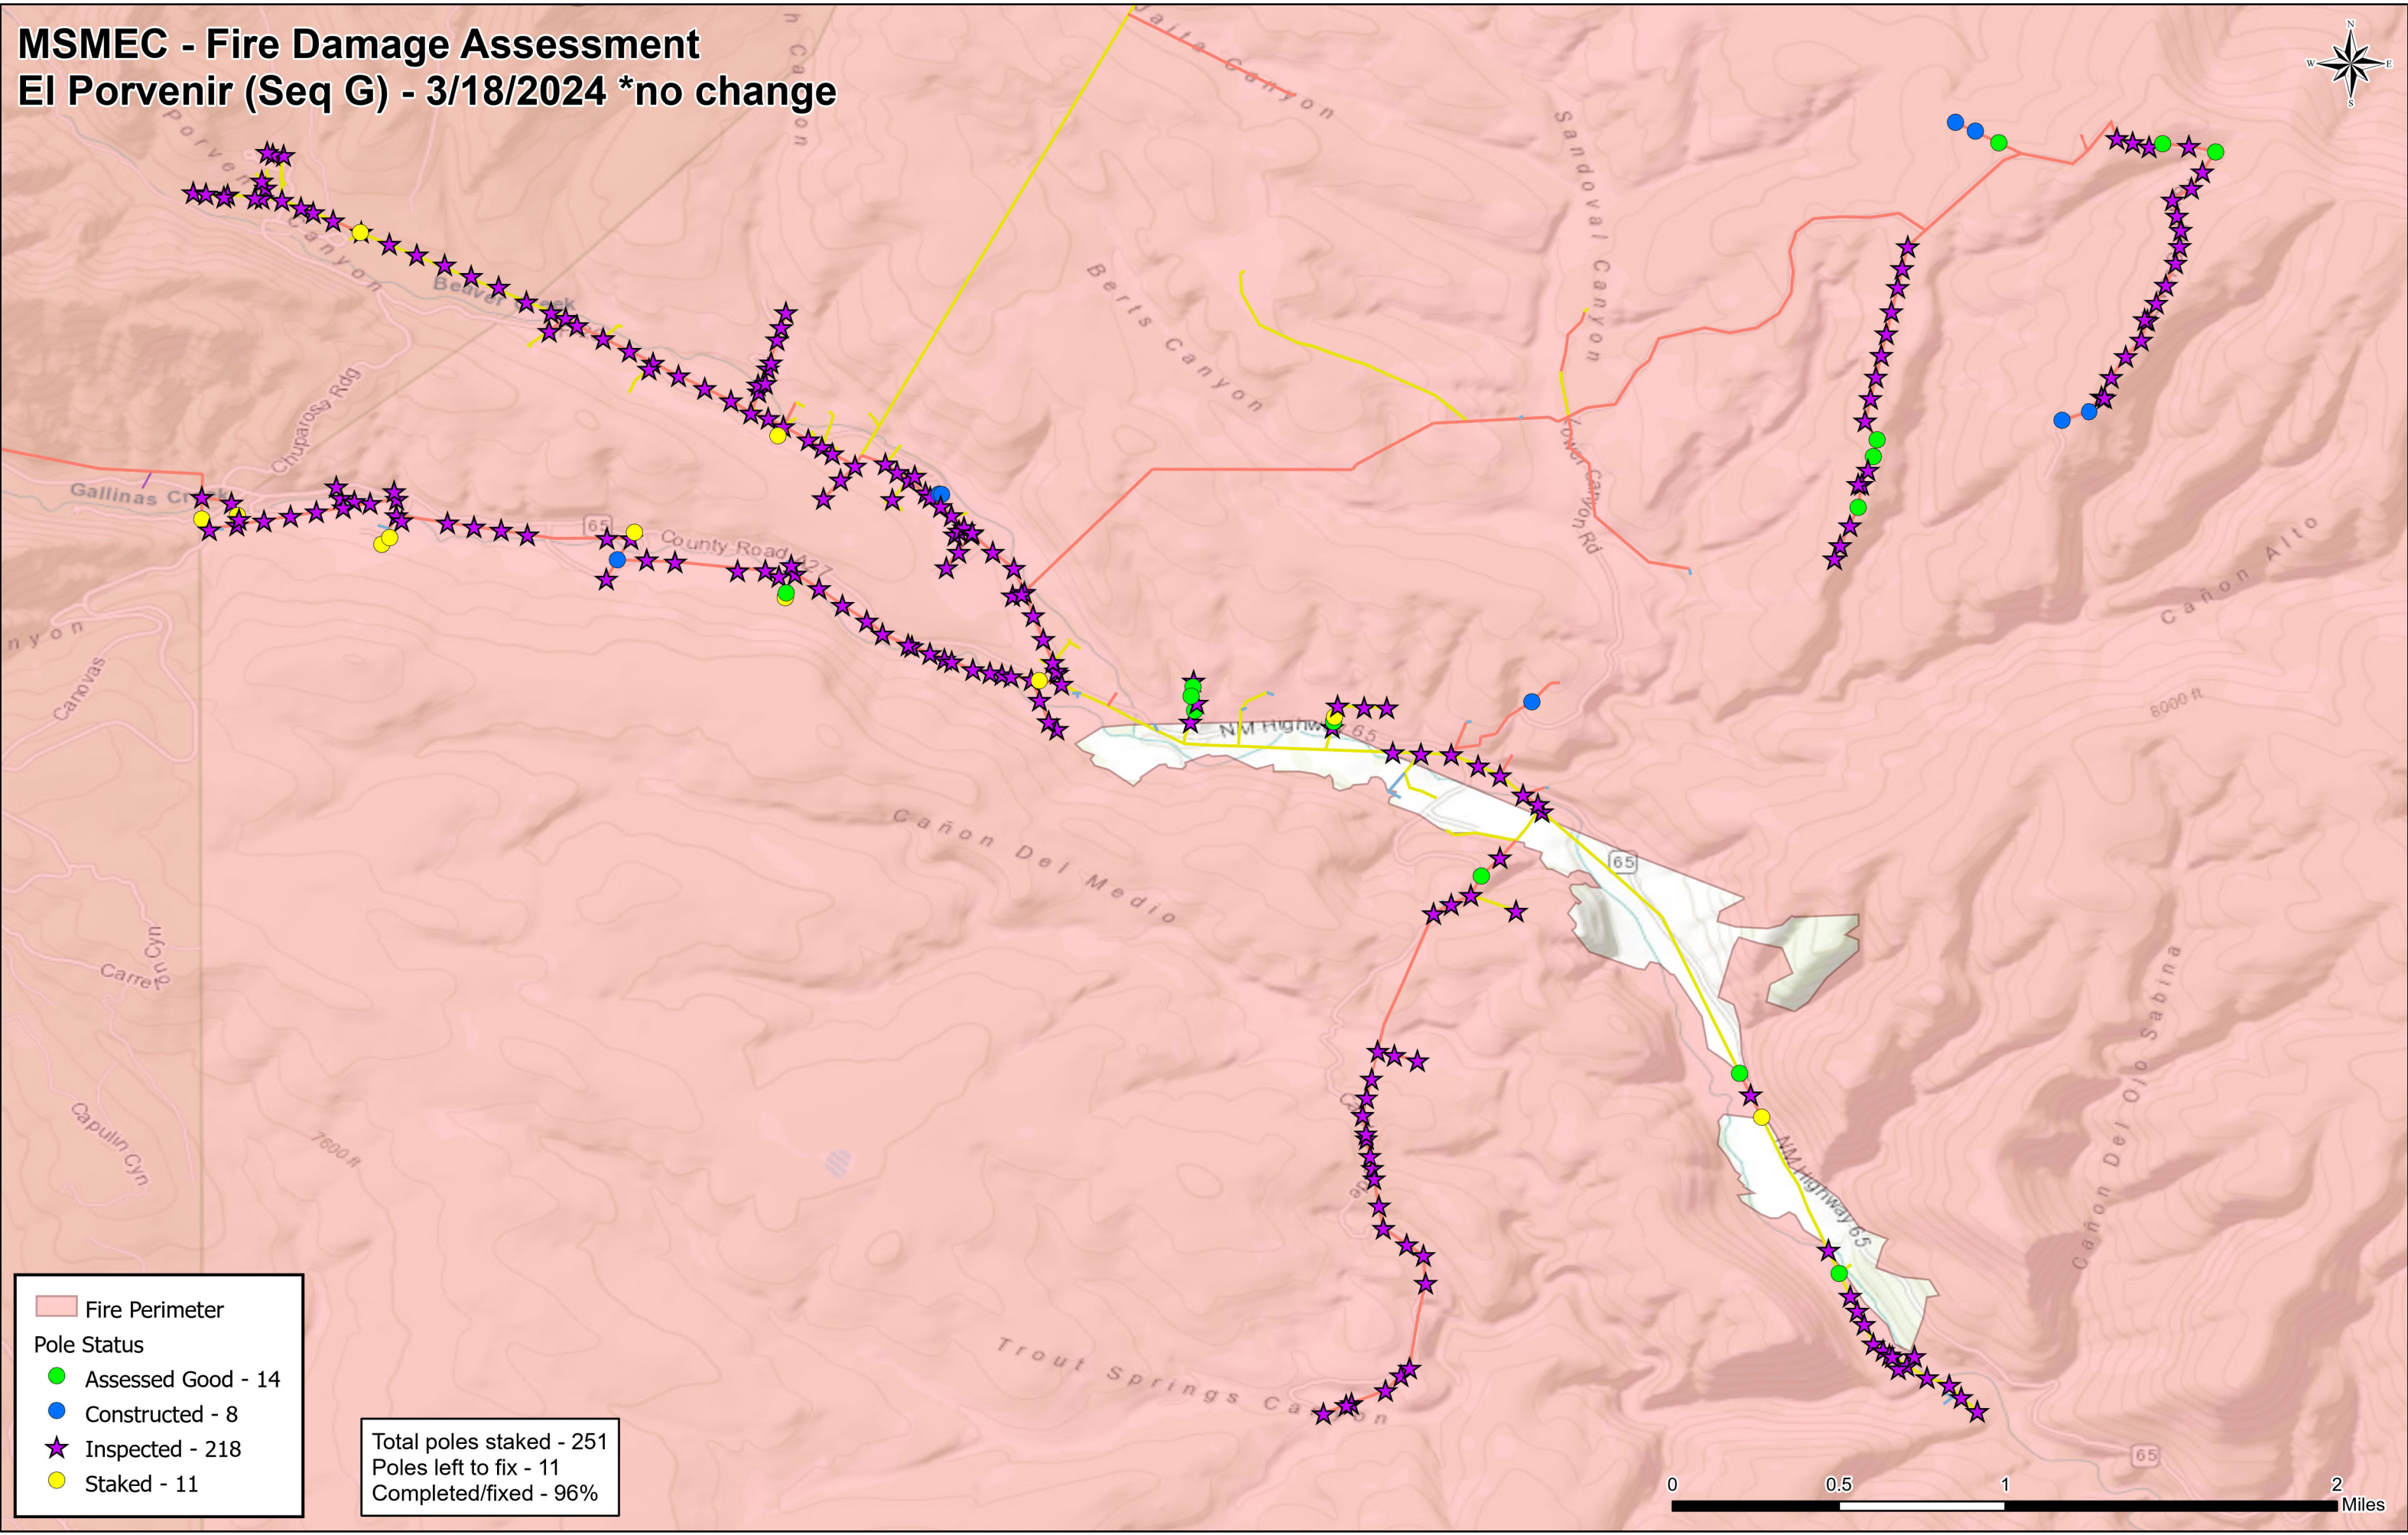

Inspected - 30

Staked - 287

Total poles staked - 409
Poles left to fix - 286
Completed/fixed - 30%

MSMEC - Fire Damage Assessment
El Porvenir (Seq G) - 3/18/2024 *no change

MSMEC - Fire Damage Assessment
Mineral Hill (Seq M) - 3/18/2024 *no change

Fire Perimeter

Pole Status

Assessed Good - 73

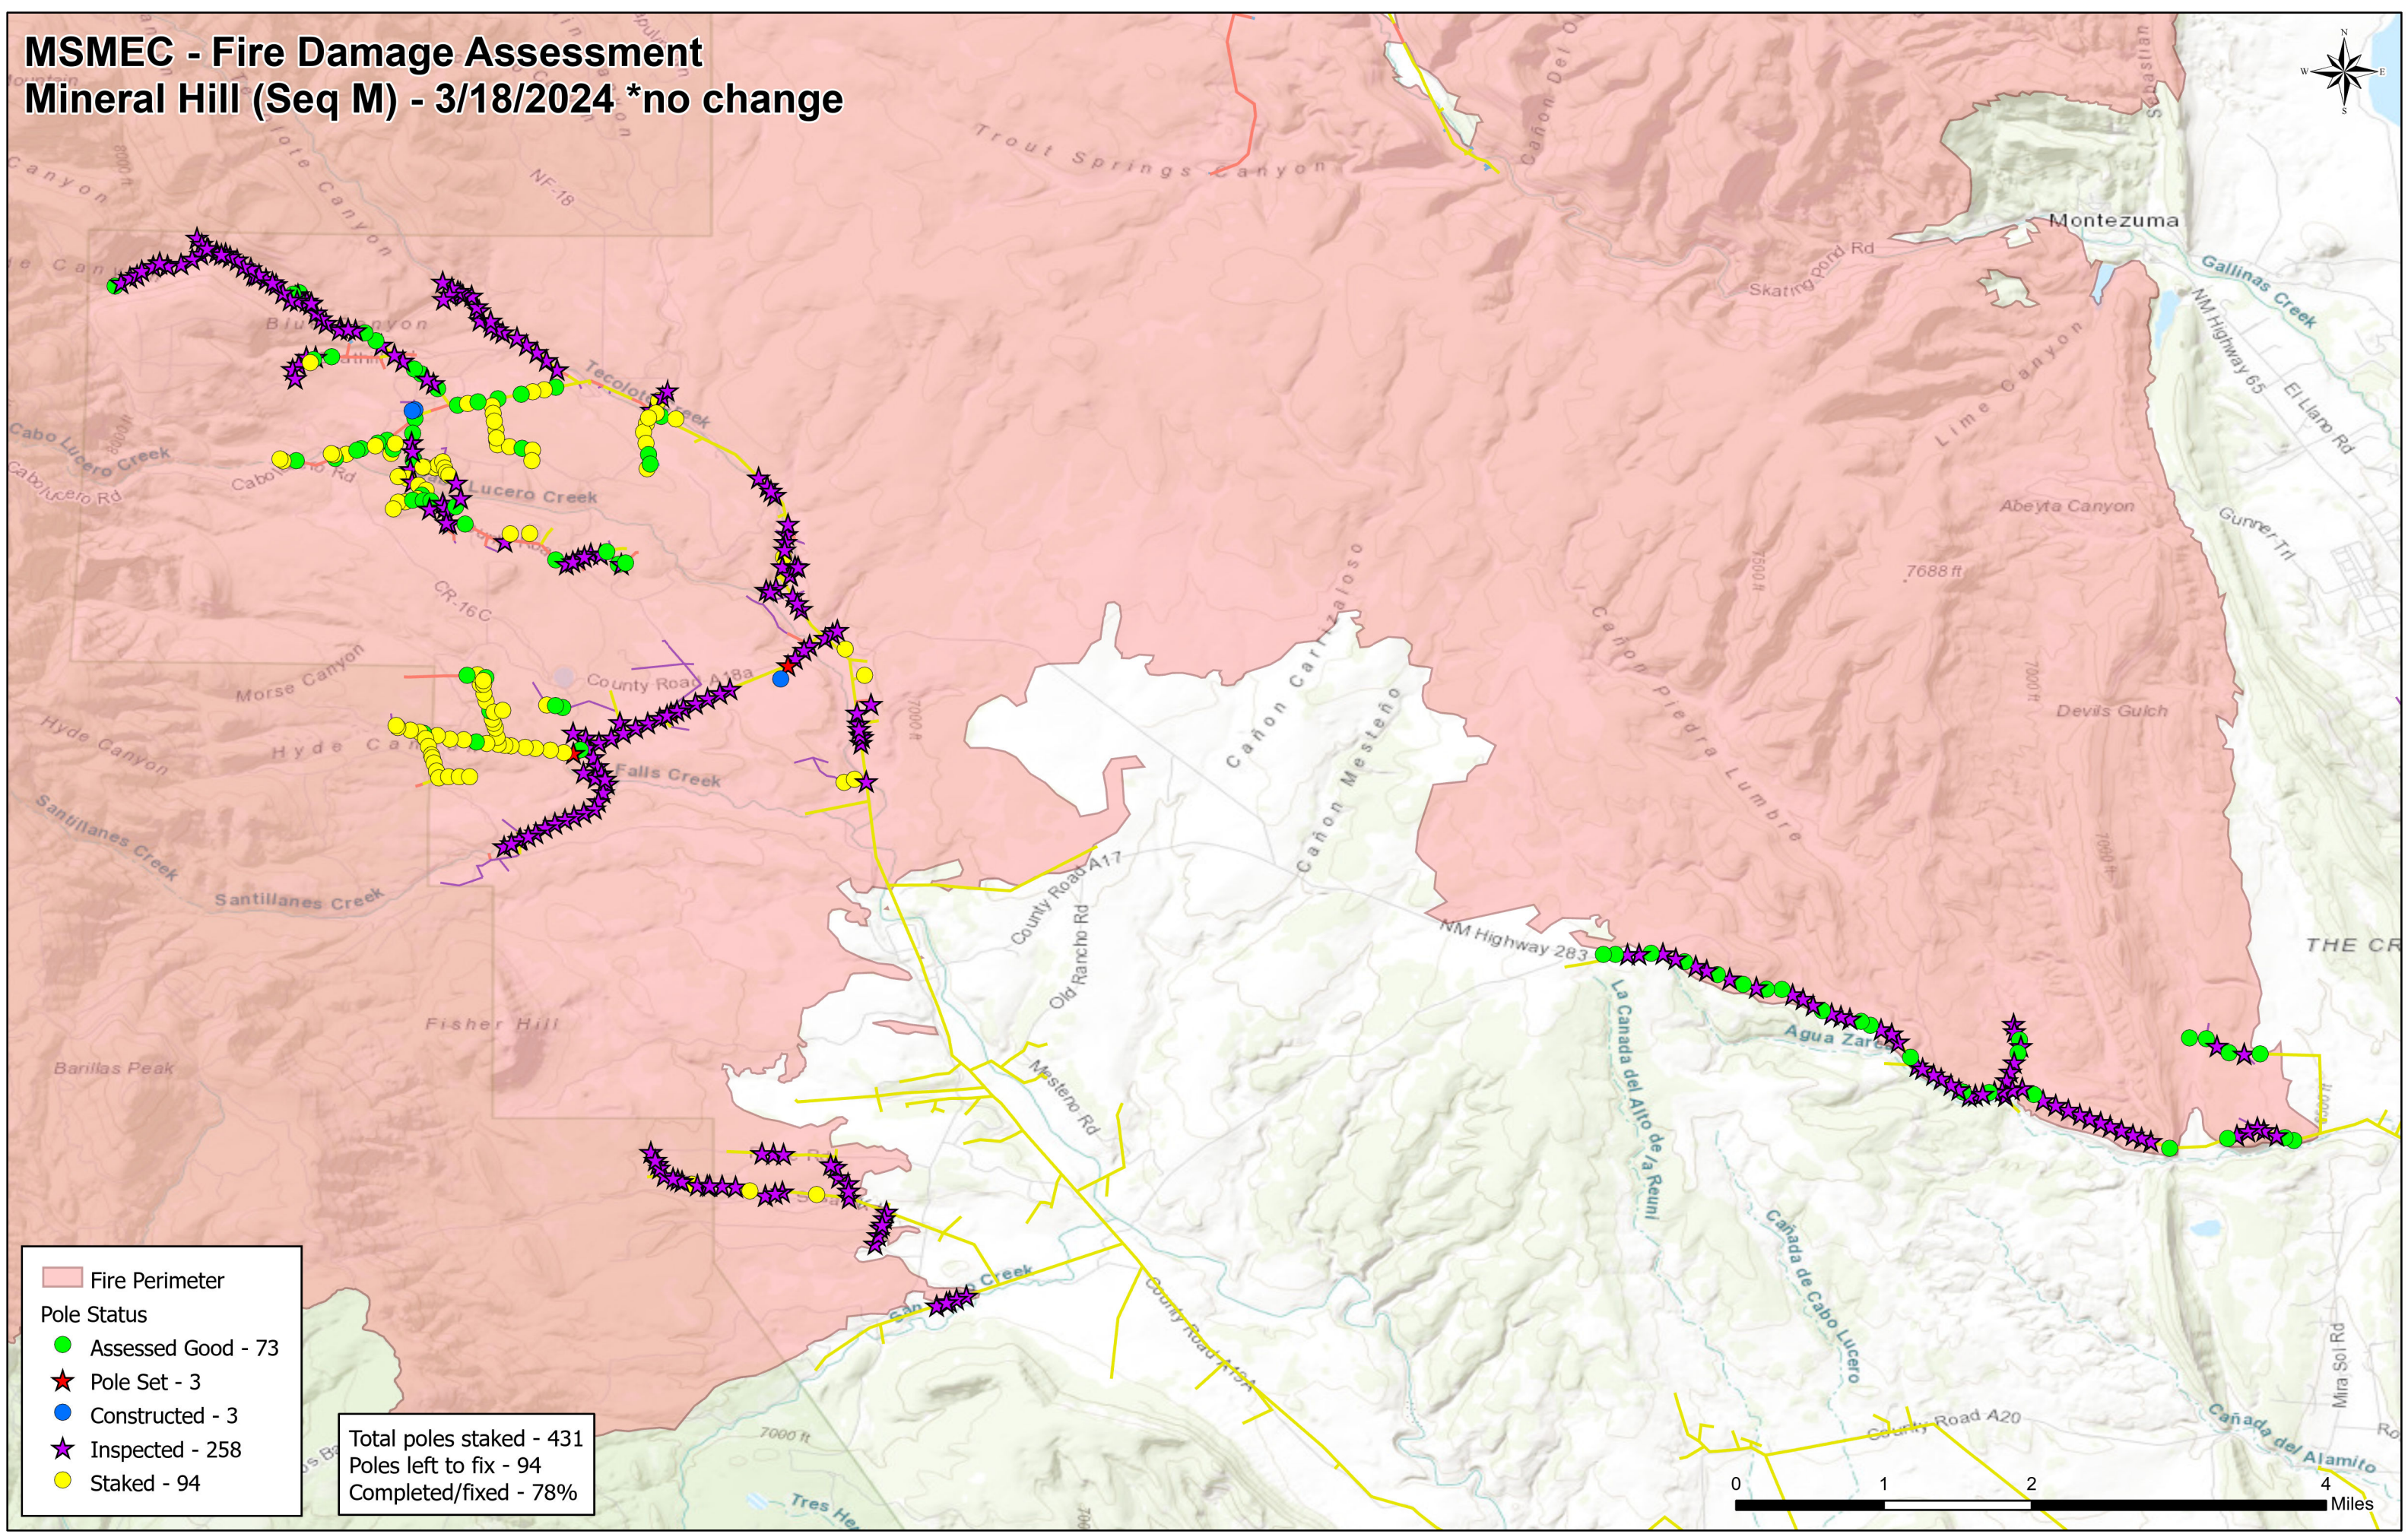

Pole Set - 3

Constructed - 3

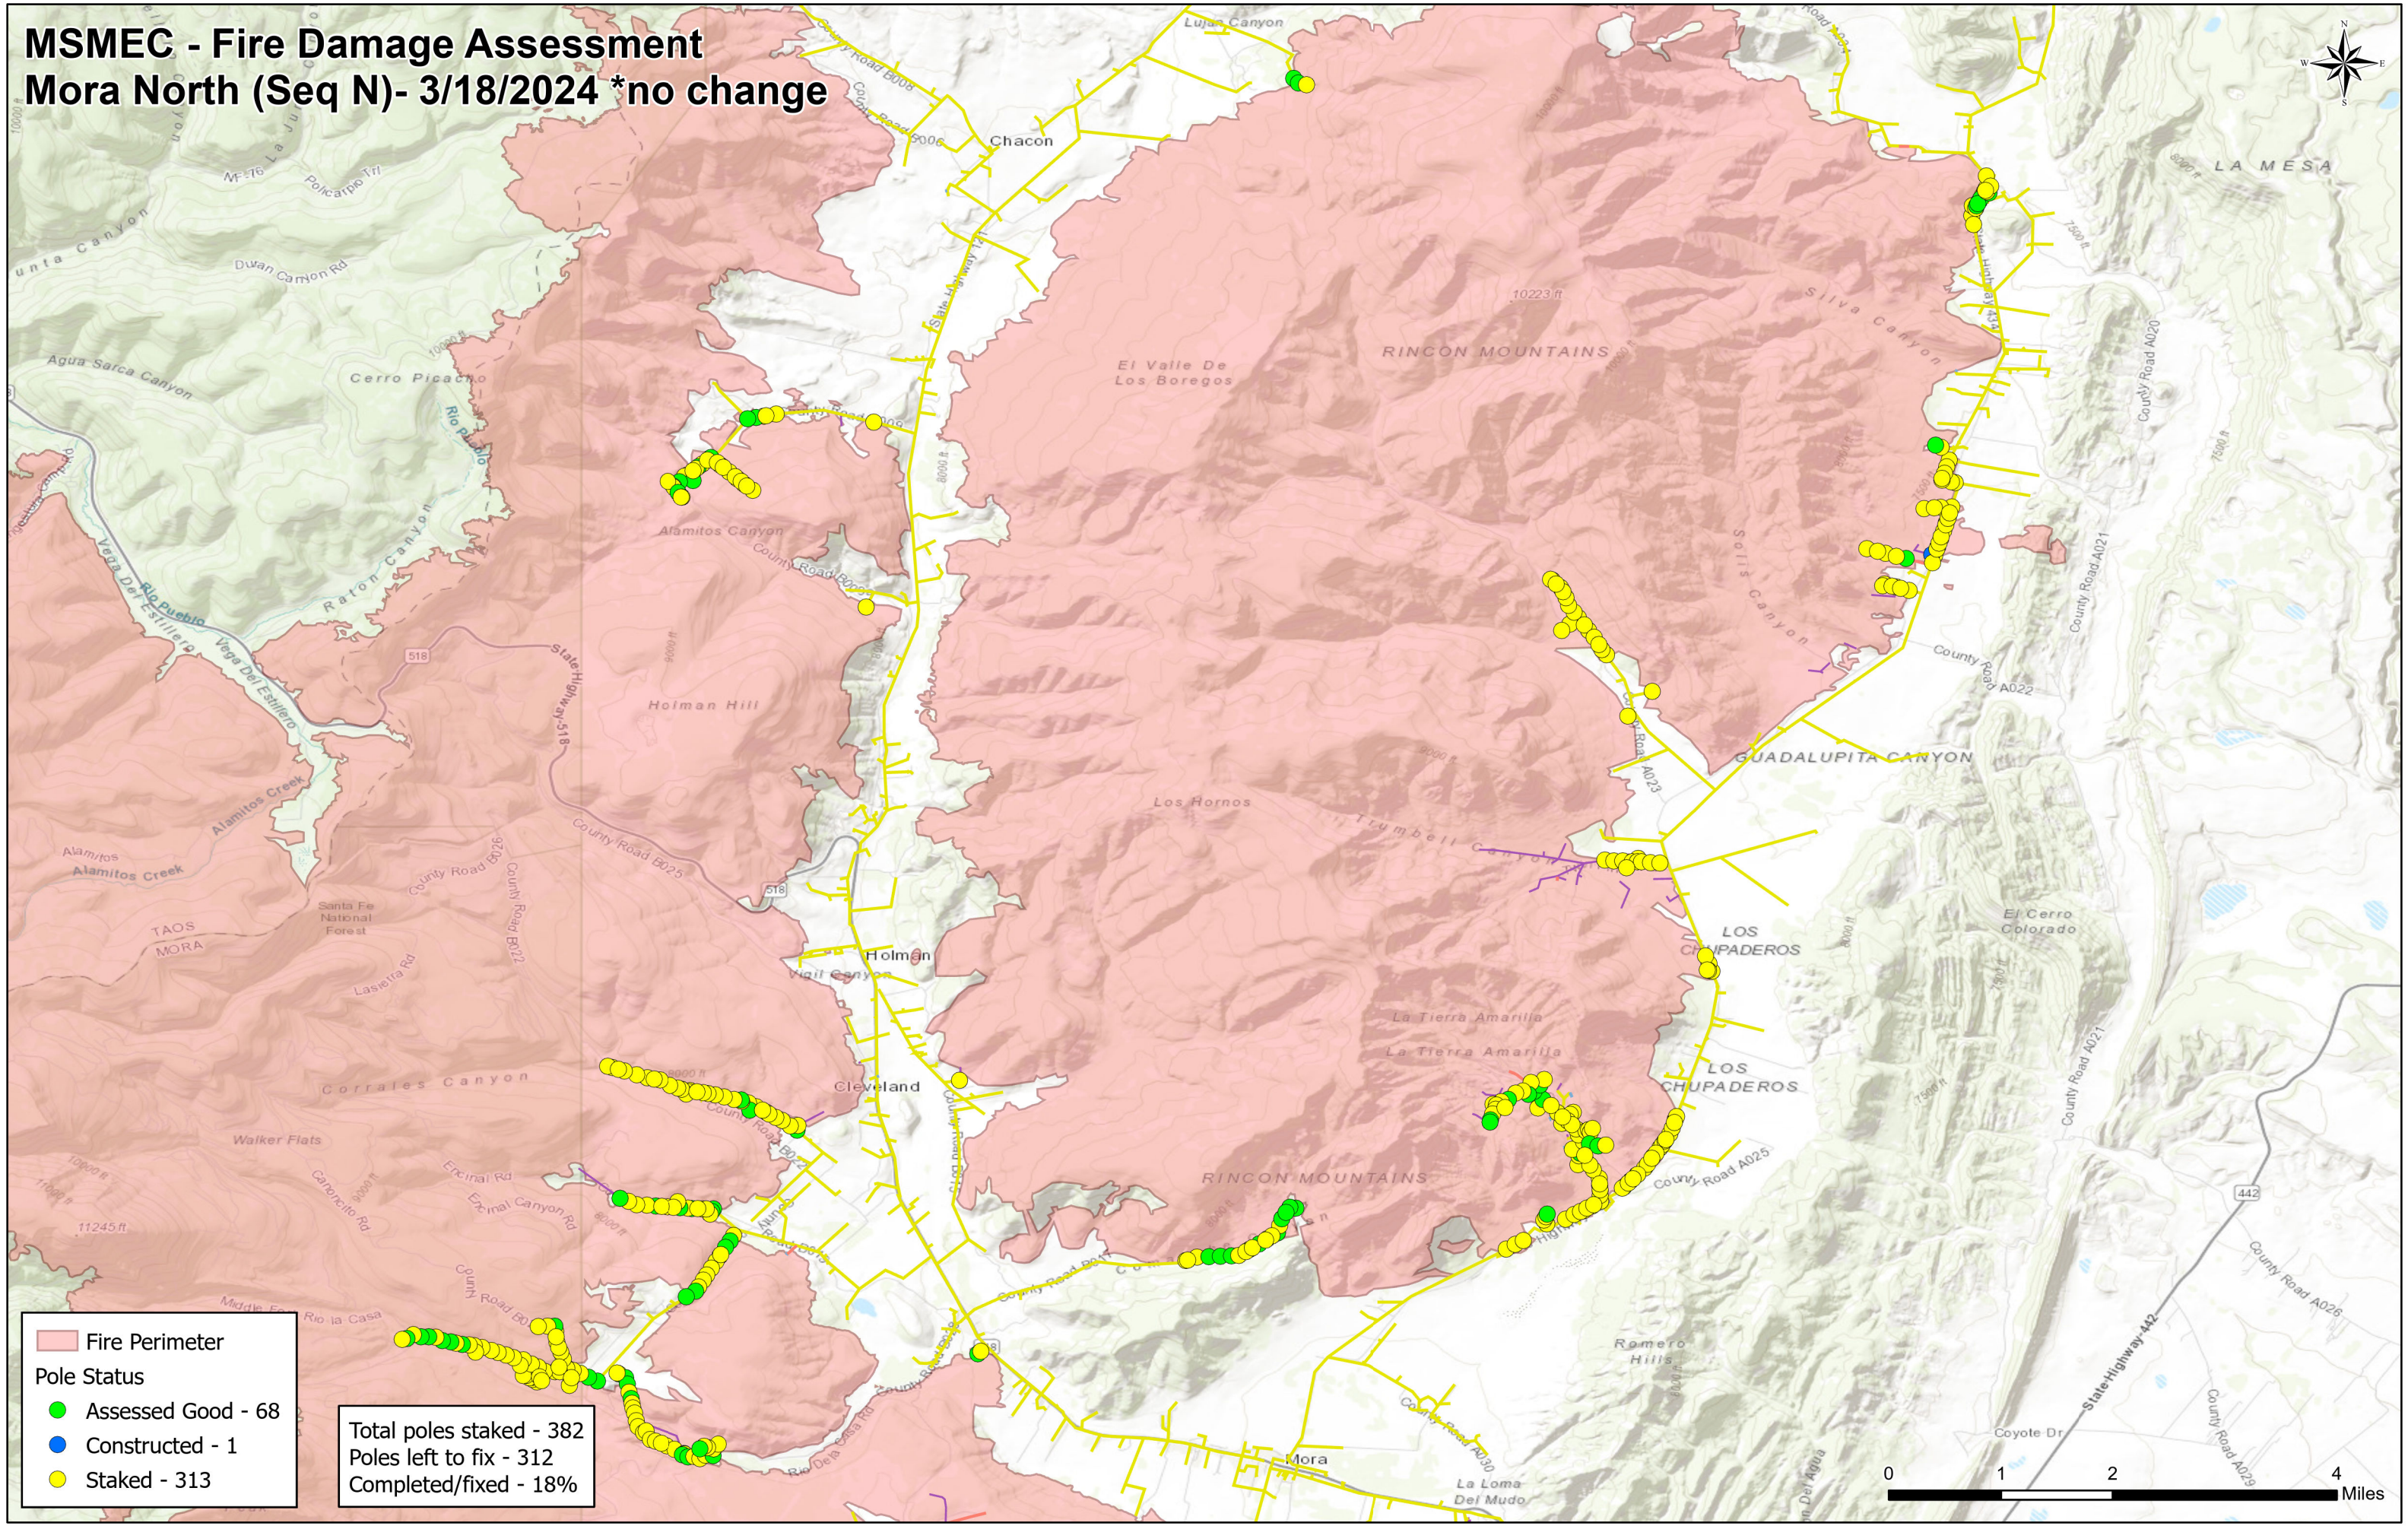

Inspected - 258

Staked - 94

Total poles staked - 431
Poles left to fix - 94
Completed/fixed - 78%

MSMEC - Fire Damage Assessment
Mora North (Seq N)- 3/18/2024 *no change

- Fire Perimeter
- Pole Status
 - Assessed Good - 68
 - Constructed - 1
 - Staked - 313

Total poles staked - 382
Poles left to fix - 312
Completed/fixed - 18%
