14. NEW BUSINESS
a. Adoption of Operations Safety Manual – MSMEC work crews have performed their work in compliance with the American Public Power Association (16th Edition) Safety Manual. Safety measures applied on a daily basis are performed in reference to the safety procedures outlined in the mentioned safety manual. General Manager Montoya asked the Board to review and consider taking action to adopt the American Public Power Association (16th Edition) as the MSMEC’s Safety Manual effective July 25, 2019. After review, a motion was made by Robert Baca, seconded

b. Selection of New Logo for MSMEC — A new logo design has been designed by Tri-State personnel in an attempt to represent MSMEC with an updated logo. Various logos have been reviewed and commented on by Coop staff and some of our membership who attended our Annual Meeting in June leading to selecting the top 2 versions of a new MSMEC logo. The Board was informed of the preferences provided by our staff and membership. Staff now requested the final decision be made by the Board. The Board decided on the logo, while requesting to include the wording Mora-San Miguel.

c. Mora-San Miguel Electric Cooperative, Inc. — Material Safety Data Sheet Handbook (MSDS) — Companies who utilize various chemicals during their daily operations are required to possess Material Safety Data Sheet (MSDS) handbooks at all times. These handbooks include instructions on how to deal with the components of the liquids being used should there be a spill or contact with these chemicals occur. MSMEC had developed this MSDS handbook which includes various liquids/chemicals in storage for use by our personnel. Staff requested the Board review and consider approving this MSDS handbook as presented effective July 25, 2019. Motion carried unanimously.

d. Parking Space Agreement to Conduct Business & Install and Operate Electric Vehicle Charging Stations — Representatives with Francis EVC, LLC and Western Farmers Electric presented to the Board their proposal to conduct business with NM Cooperatives to install and operate electric vehicle charging stations. This initiative is being proposed based on funds soon to be available from the state Environment Department to finance the purchase and installation of these types of facilities. Coops are considering these proposals as a means of introducing these types of facilities throughout the state. The Company is willing to operate such facilities and the Cooperative would allow for the land (space) to install and operate. Utility cost sharing would be negotiated based on the scenarios included in the agreement. After listening to the presentation and reviewing the legal opinion, the full Board made a decision to table this item and present it again next month.

e. Electric Cooperatives of New Mexico Mutual Aid Plan — New Mexico Rural Electric Cooperative Association Managers are proposing the Mutual Aid Plan for Cooperatives to consider approving. This plan will allow for cooperatives experiencing events that may cause their resources to be overtaxed with destruction to call upon other cooperatives for assistance. The plan outlines how the assistance would be arranged and how liabilities and costs will be addressed. Managers are proposing to allow for the use of available common resources in the event of an emergency situation. After review and discussion, General Manager Montoya asked the Board to consider approving this Mutual Aid Plan as presented authorizing him to execute the agreement on behalf of MSMEC. A motion was made by Robert
Baca, seconded by Joe C de Baca, to approve the Mutual Aid Plan and authorize the General Manager to execute the agreement on behalf of Mora-San Miguel Electric Cooperative, Inc. Motion carried unanimously.
